About LEAD

How it Started

- Seabrook Marchant's numerous encounters with officers at Tommy's Ham House and buying their meal was the catalyst for something bigger-an annual event to thank them for their service.
- LEAD Upstate, 501c3 was launched in 2015.
- The first few events were breakfast events with limited capacity.
- After several years of the breakfast event, the initiative evolved to the drive thru event with the purpose of serving and thanking even more officers.

What It Looks Like Today

- The event has grown into a drive thru event with members of 9 law enforcement agencies supporting Greenville driving through a line of appreciation.
- In 2024 more 600+ law enforcement officers came through the line in a three hour time frame.
- More than 900 officers signed up for the prize drawings that take place in the days just before the drive thru.
- Business and community support for the event continues to grow.

Why It Matters

- Law enforcement officers put on the uniform to serve their community every day, knowing the risk they take.
- It's important that the community come together to show our law enforcement officers how much they are appreciated.
- A spirit of giving and thanks to law enforcement makes Greenville an incredible place to live, work, and play.
